

Eli's Comments to her Keahak II Year Mosaic

MAGIC WORDS

I have always been touched by Magic Words in poetry and writings, resonating with the inaudible song and Knowingness in the innermost Sanctuary of my Holiest of Holy I AM Presence.

'Das Heil'ge, das am Herzen mir liegt.'
'What is sacred and close to my heart.'

THE BODYGUARD OF THE PLAYFUL CHILD ASPECT

Lionheart, the courageous and sweet friend of my playful child aspect, tender companion and bodyguard of statuettes and figurines.

METAMORPHOSIS

What our time ist all about....

The core of the butterfly symbol and my papilio creations.

Releasing the past, the ancestors, the angelic families, preparing the body for the new angelic template of Aidamis,

Charming prince Adam and sleeping beauty princess Isis are melding together and the thorn hedge opens with ease and grace

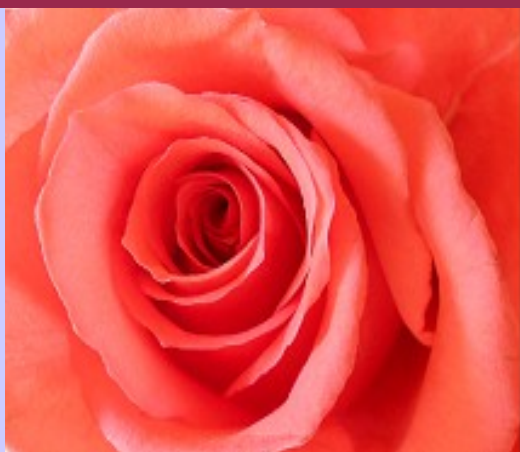

because the time has come, because now is the end of evolution and the spiral of our journey turning back inwards, back home.

Being under construction is the main topic, challenge and perhaps distraction of my present 3D human reality, but there is nothing wrong with me.

HONEYFLOW AND LAVAGLOW

For many years now my body is constantly vibrating, tingling, tinkling with fast high pitch multilayered ear ringing, heavy, burning, sweet sensations with increasing intensity this last year and when in movement mixed with the false pain alarm of my alerted mind.

THE SYMBOL OF LOVE

The rose, symbol of love, its fragrance, the silent language of the radiating I AM Presence, Self love, the gratest gift I can give to myself and the world.

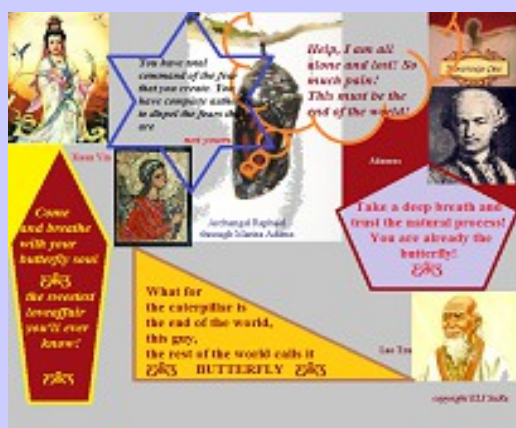

THE NEW ERA

a magic and unlimited playground freed from the past.

The New Era is ready to be designed, architected and built by us, bringers of the New Energy.

A New Earth, Island of Beauty, Love and Freedom.

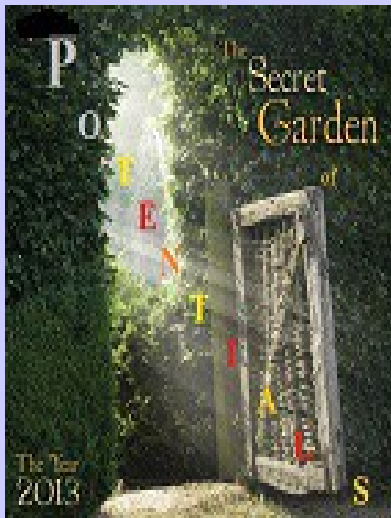

DEWDROPS

With the beginning of the New Era I ended all my blogs and also put my papilio and other creations of the last ten years together in the

Dewdrops at the Dawn of a New Day
Featuring in one of the cartoons beloved Adamus Saint-Germain, the Sovereign One, reminding us of our own Sovereignty. Love beyond words.

DREAMWALKING THE SECRET GARDEN OF POTENTIALS

and choosing my Highest Potentials.

This Keahak year has been accompanied, blessed and nurtured by wonderful shouds, merabhs, dreamwalks, events and energies beyond words.

Also beyond words my gratitude and my thanks towards all the beings involved in this awesome experience.

THUTMOSE III

Kuthumi's so intimate and detailed 'big pants' story through Marisa Calvi, strongly suggested to me by a Keahak friend and indeed a really insightful preparation of the Dream Walk for releasing old wounds.

RECEIVING AND RADIATING

The gesture of receiving our divinity into the **CHALICE** ready for the last drop to make it overflow in love and fulfillment, illustrated by the wings and horn crown of Isis. The **SUN DISC** of RA representing the Central Sun of the I AM.

The **WINGS**, our expanded consciousness beyond duality. our liberation tool out of the sucking gravity of mass consciouness.

GREEN LIGHT FOR THE NEW ENERGIES

Breathing, receiving and allowing.

I give green light to the Core aligned Earth, Cosmic and Crystalline Energies to serve me, bringer of the New Energy, in the sweet and graceful experience of my embodied enlightenment.

And so it is.
