

## *A Global Gathering of the New Light*

With grand collaboration between Angels and Masters, CC staff and Shaumbra, this event ushers in a New Energy era for Planet Earth. It is the time of living light, Christos Physics, and calling forth the magical genie within. As scientism opens up to consciousness, metaphysics can no longer be ignored. Hosted from the other realms by Adamus Saint-Germain and with profound messages from Gaia, Steve Jobs, Merlin, Kuthumi, and Beloved St. Germain, the information and energy delivered are literally out of this world. And, thanks to the light streaming in since Heaven's Cross, our beloved Earth is evolving into what we always knew was possible – a true planet of light.

In addition to these incredible presentations, Geoffrey and Linda Hoppe offer insights into Crimson Circle, followed by a distillation of over twenty years of wisdom in the form of *21 Shaumbra Realizations*. These sessions, along with several new "Faces of Shaumbra" videos, serve to create a memorable and soul-touching experience, one that you won't want to miss.

### **Sessions**

#### **1. Welcome; Your Light**– Geoffrey & Linda Hoppe; Adamus Saint-Germain (1:04:36)

Geoff and Linda offer a warm welcome to the viewers, then bring in Adamus to open our annual Merlin event. After mentioning the drastic changes taking place, he states that the real issue is fear of our own light. He offers a challenge, "Are you ready?" and leads a merabh to allow the light.

#### **2. Gathering of Light**– Kuthumi Lal Singh (1:20:58)

After presenting an important riddle, Kuthumi tells the true story of being summoned to an extraordinary gathering of the Great White Brotherhood in 1886. Packed full of history, purpose, and wisdom, the story ends with a surprising gift that is uniquely personal for each listener.

### **3. Living Light**- Adamah (Gaia) (1:16:16)

The being commonly known as Gaia tells the remarkable story of how our physical reality came into being. Guided by the dreams of the angels, Adamah embarked on a journey of pure light transforming into colors, rays, and eventually condensing into matter. As this living crystalline light is accepted and embodied by humans, Earth will eventually transform into a true planet of light.

### **4. The Genie's Light**- Adamus Saint-Germain (39:52)

"Genius" is how Adamus describes Shaumbra, for the word essentially means "one who has carried the light since birth." Noting the similarity between "genius" and "genie," he invites viewers to release the genie within and leads an experience in which this genie grants one's ultimate wish for freedom in the past, present, and future.

### **5. 21 Shaumbra Realizations**- Geoffrey & Linda Hoppe (1:23:47)

Geoff and Linda talk about previous Merlin events leading up to this one. They then share *21 Shaumbra Realizations*, a valuable distillation of the core fundamental teachings of Tobias, Adamus, Kuthumi and the Masters.

### **6. A Journey of Enlightenment**- Steve Jobs (1:23:16)

After some persuasion by Adamus, who also selected the questions for this interview, the being recently known as Steve Jobs talks about his life and death, his quest for enlightenment, the values and passion he brought to democratizing technology, and much more.

### **7. Christos Physics**- Merlin (1:26:17)

While scientism has been a valuable system for the understanding of matter and how it works, things like spirit and metaphysics were ignored as inconvenient. However, with the ever-growing discussions of consciousness, the time of Christos Physics is here when the true metaphysics of creation can no longer be ignored.

## **8. New Light** – Beloved St. Germain (1:02:03)

Reminding that it hurts to hold yourself back, St. Germain speaks of the New Light coming to the planet since Heaven's Cross. As it squeezes out the old darkness, negativity and stuck ones, the planet will be a very different place in 10-15 years. He explains what makes this light new and invites you to receive a very special gift.
