O

*divine sweetheart  
every now moment is valentine  
gliding on velvety waters,  
enthused creative intimacy.  
so tender and playful our smile,  
roses exhaling their exquisit fragrance.*

O

*divine sweetheart,  
the tide of our breath carrying the call  
we awakened.  
precious gift  
from the hearts of the angels :  
we are never alone.*

O

O

*divine sweetheart,  
in the dream of our breath  
we sink deep into physical manifestation.  
ocean of potentials,  
heaven and earth,  
playing together in joyful creation.*

O

*divine sweetheart,  
touched by the soft wildness of our breath  
the desert opens up its springs,  
moon and stars,  
dancing in ecstasy,  
mirror delighted oases.*

O

O

*divine sweetheart,  
the suave murmur of our breath  
is heard through the walls of illusion,  
filling our heart  
with the crystalline sounds  
of golden love.*

O

*divine sweetheart,  
the voice of our breath  
oh-be-ahn to you,  
oh-be-ahn to me,  
oh-be-ahn fusing into one  
i am that i am  
human and divine.*

O

O

*divine sweetheart,  
messenger from out of time,  
one breath in breath  
one heart in heart  
we walk the earth,  
expression of timeless divine human art.*
